

A REPORT

Activity: International Conference

Mode: OFFLINE

Event:

5th International Conference on Advances in Management & Technology (ICAMT-2025)

Theme: The Convergence of Ideas: Multidisciplinary Innovations in Computing.

Date: 28/03/2025

Participants:

Over 320 participants including research scholars, teachers, and PG students.
Offline attendees: ~200 | Online & International attendees: ~120

Organizers:

Sadabai Raisoni Women's College, Nagpur

Affiliated to SNDT Women's University, Mumbai

In Collaboration With: National Level Association of All Computer Science Teachers (AACST)

Organizing Committee:

Conference Chair: Dr. Amina Vali

Convener: Swati Adekar

Co-Convener: Suruchi Pimple

Members:

Dr Pranchi Sasankar

Purnima Rai

Anindita Kundu

Ashwini Ankar

Dr Rozina Naz

Dignitaries of Inaugural Function:

Chief Guest: Mr. Vinit Goenka, Secretary, Centre for Knowledge Sovereignty

Guest of Honour: Prof. M.P. Dhore, Pro-Vice Chancellor, Amravati University

Keynote Addresses:

Prof. Ramesh Manza – Innovations in Artificial Intelligence and Human-Centered Computing, Aurangabad Maharashtra

Mr. Shadab Hussain – Technological Disruptions in Business Ecosystems, Texas, U.S

Conference Sessions Chaired By:

Dr. G. S. Katkar

Dr. S. B. Kishor

Dr. Kishor Dhore

Dr. Ravindra Gharpure

Valedictory Function:

President: Dr. Amina Vali

Special Address: Dr. S. B. Kishor (President, AACST) praised the initiative and expressed a desire for future collaborations.

Highlights:

The 5th International Conference on Advances in Management and Technology (ICAMT-2025) at Sadabai Rasoni Women's College, Nagpur, was a highly successful academic gathering. The conference united thought leaders and researchers from across the globe to exchange ideas under the theme: 'The Convergence of Ideas: Multidisciplinary Innovations in Computing'.

Discussions spanned areas like artificial intelligence, deep learning, human-robot interaction, banking tech, and sustainable management systems. Paper submissions came from across India and countries like Japan, the USA, Oman, and Tashkent.

The driving force behind the conference was **Principal Dr. Amina Vali**, whose visionary leadership, warmth, and commitment to excellence earned admiration from all participants. Her dedication laid the foundation for a truly vibrant and intellectually stimulating event. Her ability to transform challenges into opportunities set a new benchmark for academic leadership.

A special tribute is owed to **Convener Swati Adekar**, whose role was nothing short of remarkable. She was the silent dynamo—whirring behind the scenes,

connecting the dots, energizing the team, and transforming obstacles into stepping stones. Her creativity didn't just shape the event—it gave it heart. Her innovative spirit lit up the planning process, and her tenacity ensured nothing was left to chance.

The contributions of **Co-Convener Suruchi Pimple** and all organizing members were also acknowledged and lauded during the valedictory function. Their team spirit and commitment to excellence ensured a well-executed event.

Dr. S. B. Kishor, President AACST, in his valedictory address, praised the initiative, saying: "This is a commendable step taken by Dr. Vali, and many more such ventures can be executed in collaboration between AACST and academic institutions in the future."

Dr. Abha Khandelwal, Founder of AACST, played a critical advisory role throughout. Despite being unable to attend the final day due to unforeseen circumstances, her timely inputs and support were key to the event's seamless execution.
